Core Values

- Faith (Iman)
- Excellence (Ihsan)
- Respect
- Integrity
- Service
- Responsibility
- Lifelong Learning
- Community

Accountability Statement:

The 2026–2029 Education Plan for Al Faruq Islamic School was developed under the direction of the Board of Directors in fulfillment of its responsibilities under the Independent Schools Regulation (Alberta Regulation 127/2022) and the Education Grants Regulation (Alberta Regulation 120/2008).

This Education Plan was prepared within the context of Alberta Education's 2026–2029 Business Plan and Fiscal Plan and reflects the provincial priorities, outcomes, and performance measures established by Alberta Education. The Board reviewed provincial, local, and school-based data, including student achievement results, stakeholder feedback, and operational information, to identify areas of strength and opportunities for growth.

The Board is committed to implementing the goals, strategies, and performance measures outlined in this Education Plan to support continuous improvement, enhance student learning and well-being, strengthen faith-based educational programming, and ensure accountability to students, parents, staff, and the broader school community.

Al Faruq Islamic School 2024-2027 Budget can be accessed from www.alfaruqislamicschool.com

The Board has approved this Education Plan on June 24, 2026.

Downtown Islamic
Association
Executive Director

Downtown Islamic Association (DIA) - Al Faruq Islamic School

Founded in 1998, the Downtown Islamic Association (DIA) is a Canadian, independent, faith-based charitable organization committed to serving Muslim communities through inclusive programs, spiritual services, and educational initiatives such as Al Faruq Islamic School. DIA creates welcoming spaces that promote personal growth, lifelong learning, and community empowerment.

DIA's mission centers on nurturing strong, engaged Muslim individuals who actively contribute to the fabric of Canadian society. Through partnerships with diverse cultural and faith groups, DIA works to strengthen neighbourhoods, foster mutual respect, and build bridges across communities.

Our approach is rooted in the holistic principles of Islam, emphasizing compassion, integrity, and social responsibility. DIA encourages a balanced understanding of faith that aligns with Canadian values, institutions, and traditions. We believe that fostering well-rounded individuals—spiritually, intellectually, and socially—is essential to building vibrant and resilient communities.

School Expansion Update:

The Downtown Islamic Association (DIA) currently operates Al Faruq Islamic School – South Campus, located at 4410 127 Street SW, Edmonton, AB T6W 1A2.

In addition to our in-person program, we also provide online learning services to families who cannot access the Centre due to distance limitations. Online learning services remains a priority to DIA in order to facilitate increasing demand from different parts of the city where we currently do not have our own facilities to support this demand.

We are actively seeking a second location in Northeast Edmonton for the 2026–2027 academic year through various means including making applications for facilities rental/purchase to local school boards, private schools and other commercial enterprises. This effort is part of our commitment to accessible, high-quality Islamic education that serves families across Edmonton and wherever demand for our unique services exist.

Educational Commitment:

Providing high-quality educational standards is a top priority for DIA. We seek to offer families the ability to choose the educational paths that best serve their children's needs. Our educational framework is built on two foundational principles:

1. **Every child has leadership potential.** Inspired by the Prophetic saying, *"Each of you is a shepherd, and each of you is responsible for his flock,"* we aim to instill a sense of accountability, confidence, and agency in every student.
2. **Every individual has capacity.** With the right support and nurturing environment, that potential can be developed and realized.

DIA's educational model is designed to guide students through all stages of growth—from early childhood to adolescence—with a focus on:

- Enhancing academic achievement and spiritual awareness
- Strengthening moral and ethical foundations
- Building civic engagement and community connection • Encouraging responsibility and self-motivation

Strategic Focus Areas:

Our strategic planning is guided by the following objectives:

1. Creating Safe and Inclusive Learning Environments

- Acquire or lease modern facilities tailored to the needs of our schools and community programs
- Maintain a welcoming, secure, and inclusive atmosphere conducive to effective learning

2. Ensuring Financial Accountability and Growth

- Implement clear financial protocols for budgeting, reporting, and auditing
- Allocate resources effectively to maximize impact
- Develop new revenue streams to maintain financial health and sustainability

3. Promoting Excellence in Teaching and Learning

- Develop leadership opportunities for students
- Provide academic programs that encourage forward-thinking and problem-solving
- Embed strong character development and Islamic values into the curriculum
- Attract, support, and retain dedicated educators and staff who embody our vision

4. Strengthening Organizational Leadership and Capacity

- Encourage stewardship and responsibility at all levels of the organization
- Share proven strategies and best practices across the organization.
- Continually evaluate and refine programs to enhance quality and effectiveness

With a firm foundation and a forward-looking vision, DIA's Al Faruq Islamic School continues to grow as a beacon of education, service, and spiritual connection for the Edmonton Muslim community and beyond.

Our Education Plan

Our Education Plan, at Al Faruq Islamic School, operated by the Downtown Islamic Association (DIA), outlines strategic priorities that support continuous improvement, student success, and organizational sustainability. This plan has been developed in the context of Alberta Education's Assurance Framework and is aligned with the school's Three-Year Business Plan (2026–2029), annual budget, and financial projections. Educational priorities and resource allocations are intentionally connected to ensure that financial decisions directly support improved student outcomes and long-term school sustainability.

The development of this plan is informed by a range of evidence-based data, including the Annual Education Results Review (AERR), stakeholder feedback, annual education results, enrolment projections, community demographics, and local performance measures. These sources of evidence help identify priorities that reflect the needs of our students, families, staff, and the broader Edmonton Muslim community. These insights guide our mission to deliver high-quality teaching and learning that supports holistic student growth and measurable academic achievement.

School Stakeholder Engagement

The school engaged a broad range of stakeholders in the development and review of its Education Plan, including students, parents, staff, board members, community partners, and the Parent Advisory Council (PAC). Engagement activities included surveys, meetings, consultations, informal feedback opportunities, and discussions at board and PAC meetings. Stakeholder input was analyzed to identify strengths, areas for growth, and emerging priorities related to student learning, well-being, governance, and community engagement. Feedback received helped inform the school's strategic priorities, goals, and improvement strategies. The Parent Advisory Council played an important role by providing parent perspectives, reviewing proposed priorities, and offering recommendations to support student success. This engagement process supports transparency, accountability, and continuous improvement, and aligns with Alberta regulatory expectations for stakeholder involvement in educational planning and assurance activities.

Alignment with Alberta's Four Provincial Outcomes

Al Faruq Islamic School's priorities support Alberta Education's four provincial outcomes:

1. Students are successful.

We promote high levels of achievement through strong instruction in Alberta curriculum outcomes, literacy, numeracy, Qur'an, Arabic, and Islamic Studies. Students are encouraged to achieve academic excellence while developing confidence, leadership, and personal responsibility.

2. Students belong.

Our school provides a welcoming, safe, caring, and respectful learning environment where students develop a strong sense of identity, faith, citizenship, and belonging. Mental health, well-being, and positive relationships are central components of our educational program.

3. Students access and receive the supports they need.

Through specialized services, educational assistants, English Language Learner supports, mental health resources, and individualized interventions, we work to ensure every student can access meaningful learning opportunities and achieve success.

4. Alberta's education system is governed and managed effectively.

Strong governance, responsible financial stewardship, transparent decision-making, stakeholder engagement, and continuous improvement processes ensure that school resources are effectively managed and aligned with educational priorities.

We recognize the unique context of delivering Islamic education within an accredited Alberta school system, and we continuously refine our approach to address the diverse learning needs of our students. Our curriculum adheres to Alberta Education's requirements while integrating Islamic values and principles. The school fosters academic excellence through developmentally appropriate standards that help each student achieve their personal best.

Local Priorities and Community Context

The school's local priorities are shaped by the needs of Edmonton's growing Muslim community and the demand for high-quality faith-based education. Community consultation has identified several key priorities:

- Academic excellence within an Islamic learning environment.
- Development of strong Islamic character and leadership skills.
- Expansion of educational opportunities through the planned Northeast Edmonton campus.
- Enhanced supports for English Language Learners and diverse learners.
- Meaningful engagement with families and community partners.
- Promotion of student well-being, mental health, and belonging.
- Commitment to reconciliation through the inclusion of First Nations, Métis, and Inuit perspectives.

These local priorities directly inform the goals, strategies, and resource allocations contained within both the Education Plan and the school's Business Plan and financial projections. By aligning educational priorities, community needs, and fiscal planning, Al Faruq Islamic School seeks to ensure sustainable growth while improving outcomes for all students.

Our commitment to community responsiveness drives us to build internal capacity, strengthen school culture, and remain agile in meeting evolving needs. A continuous improvement model—built on cycles of inquiry, applied research, purposeful action, and reflective evaluation—ensures that our strategic efforts remain focused, responsive, and impactful.

Through this Education Plan, DIA's Al Faruq Islamic School reaffirms its dedication to nurturing confident, capable students who are grounded in faith and prepared to contribute positively to Canadian society.

Assurance Domain #1: Student Growth and Achievement

Provincial Measure:

Students demonstrate growth and achievement through active engagement in learning, successful performance on provincial and local achievement measures, the development of responsible citizenship, and positive parent perceptions regarding the quality of education and student progress.

School Priorities:

1. Academic Excellence within an Islamic Framework:

- Al Faruq Islamic School is committed to being a community school of academic excellence, where students achieve high standards in core subjects while being nurtured in a values-based Islamic environment.

2. Islamic Character and Leadership Development:

- Students are expected to demonstrate strong Islamic character and leadership qualities, integrating faith into daily practice and embodying the principles of honesty, respect, and responsibility.

3. Specialization in Quran, Arabic, and Islamic Studies:

- All students benefit from a comprehensive and specialized curriculum in Quran, Arabic language, and Islamic Studies, fostering both fluency and deep understanding of faith.

4. Support for English Language Learners (ELL):

- Targeted interventions and supports are in place to ensure that ELL students thrive academically while integrating linguistically and socially into the school community.

5. Implementation of New Alberta Curriculum Initiatives:

- Al Faruq School actively engages and implements all Alberta Education curriculum initiatives. We participated in the implementation of the new Social Studies curriculum and are taking steps to facilitate the new Junior High curriculum.

Outcome:

- Student learning, development, and academic growth are consistently supported through intentional strategies and assessments.

Strategies:

- Arabic Language Instruction for all students to build proficiency and cultural identity.
- Integration of Islamic Studies and Quran into daily routines and across subjects to nurture faith inspired learning.
- Literacy Integration in English Language Arts (ELA) across grade levels through daily reading, writing, and comprehension strategies.
- Provincial Achievement Tests (PAT) administered to Grades 6 students in the spring.
- Surveys for students, parents, and staff.
- Diagnostic Reading Assessments to monitor reading development.
- Math Assessments conducted to track numeracy progress.
- Writing Assessment (HLAT) administered school-wide.
- Use of HLAT Writing Rubrics and Exemplars to ensure consistency and clear expectations.
- “*Empowering Writers Program*” implemented as a writing framework across the grades.
- ELL Professional Development and Mentoring to support teaching practices for English Language Learners.
- Professional Development related to New Alberta Curriculum Implementation initiatives to equip teachers with tools and understanding to deliver the program

NOTE:

This Education Plan was drafted and approved by the Board even as they are working to finalize the Budget for the school. This was necessary in order to provide a timely update to the Community regarding the plans for Al Faruq Islamic School, and to comply with Alberta Education requirements for the timely submission of the Education Plan.

The budget, when finalized, will be available for public view on our website at www.alfaruqislamicschool.com along with the Education Plan.

Concluding Remarks:

Assalaamualaykum (Peace Be With You) Dear Reader,

Thank you for taking the time to review our Education Plan.

Al Faruq School is proud of the progress it has made in its short history. We are encouraged by the demand for our services and the growing interest in the unique programs that we offer. We are further encouraged by the level of community support and acceptance as we strive to respond to community demand by offering innovative programs properly reflecting community needs.

Our increasing enrolment and successful fundraising efforts are testimony to the trust and confidence that our community has in our ambitions and plans. Support for Al Faruq School is city wide in Edmonton, and it remains our goal to meet this demand wherever we can to the best of our means and abilities, In sha Allah (God Willing).

Whether it is offering additional academic support to our students by Homework Clubs, or investing in infrastructure upgrades and services to support learning and student comfort and safety (new student management software, guidance services, security upgrades), training our staff in best educational practices, our goal remains to provide a proper learning experience to our students allowing them to achieve their potential. Regular and varied assessments of student performance inform our teaching practices and guides our planning for instruction strategies and resources. Our ultimate goal is ensuring that we are following all Alberta Education protocols and standards, and we work closely with our partners in the Ministry to ensure that we maintaining standards. We remain grateful for their continuing support as the school grows and addresses challenges.

Communication and collaboration with our community and education partners as well as families, and timely feedback from them is also key to our success and forms the basis of our operations. Working with our parent council and community partners, we are building a future that reflects their needs and aspirations. Al Faruq School hosts a number of communities events and strives to maintain timely and effective communication with our families through social media and other communication mediums.

It remains my privilege to be the principal of a school that possess an enormous amount of spirit and innovation, as well as vibrant and energetic sense of the future. We look forward to serving our community to the best of our abilities with their support, advice and collaboration. May Almighty Allah accept from us our efforts in His way, Ameen.

Wassalaam, (And Peace Be With You)
